

# CORROGATED END CAPS & EDGE CORNER PROTECTORS

- This item consists of regular or heavy duty single or double wall corrugate that works for both square and right angles and available in several custom sizes.
- This packaging is for all applications that require a regular or non-scratch material to be backed against glossy and other fragile surfaces. The packaging must be capable of stabilizing the packaged item during shipping and strong enough to alleviate the pressure on the item and to support stacking.
- Perfect for protection of longer items to prevent scratching and other damage during transit and storage.
- All packaging materials used recyclable
- Durable & lightweight.
- Samples & Pricing available upon request
